blackline The Ice Box of outstanding ability.

Ultra-lightweight, perfectly-closing lid and durable surface. When transporting ice cream containers, the blackline Ice Box offers maximum convenience and safety. The high stacking edge with locking feature ensures stable stacking without sliding. Do you need more volume? You can get an additional frame to increase the height of the box.

Available in black in 2 different sizes, for two or three ice cream containers and space for one or two cool packs.

Sizes

Ice Box +2

For 2 ice cream containers in the sale counter size and 1 cool pack GN 1/4.
